

# Selected bibliography of works on languages of Timor-Leste

Catharina Williams-van Klinken

Dili Institute of Technology

February 2015

This bibliography lists only the most significant works for each language, even if these are small. Where there are references in various languages, priority is given to English and then to Portuguese. For the languages not listed here, I have found no significant references in English or Portuguese.

Please send corrections or additions to [regis@tetundit.tl](mailto:regis@tetundit.tl).
